Galatians – revisited

Galatians ranks among the earliest known Christian writings. It brings into focus key issues of debate within the early Jesus movement, including their sense of identity.

From the question of whether circumcision was essential, Paul expounds a broader vision of the Messiah community. He explores the logic of a new age represented by Jesus, the requirements for family participation, and the reciprocal faithfulness of Jesus and believers – the foundation of righteousness.

The Book of Acts

The book of Acts is one of the most significant texts of the Biblical canon. It is unlike any other document within the pages of Scripture and acts as something of a link between otherwise seemingly disconnected writings.

As a piece of literature, it is unique. Its message is in complete harmony with the message of Scripture. As for its stance, it stands at something of an intersection between conflicting worlds – a collision of competing cultures in which the kingdom of God reigns supreme.

Bible Quiz Time!

Some light-hearted, educational, entertainment! This really is for everyone - nothing too testing (promise!).

You might want to have a pen and paper handy - plus a box of choccies to award yourself if you happen to win – or even if you don't. We'd love to present these personally, but under the circumstances this is a little tricky ...

For the current period we will hold this every first Friday.
